

ELED 4313.001
Teaching Mathematics in the Elementary School
Wednesday 8:00 – 10:45 a.m., BEP 218
Fall 2021

Instructor: Cynthia Sherman, M.Ed.
 Office: BEP 212 E
 Phone: (903) 566-7012
 E-mail: csherman@uttyler.edu (best way to contact me)
 Office Hours: W: 11:00 – 2:00 pm or by appointment

Course Catalog Description:

Scope and sequence of the elementary mathematics curriculum, materials, and selected instructional techniques.
 Prerequisites: MATH 1350, MATH 1351, EDUC 3310 and EPSY 3330, admission to Educator Preparation Program. Field Based course

Student Learning Outcomes:

The students will:

- Demonstrate an understanding of mathematical content from the elementary school grade levels. (3.A)
 - Number concepts and operation
 - Algebraic thinking
 - Geometry
 - Measurement
 - Probability and statistics
- Demonstrate an understanding of mathematical processes and reason mathematically. (3.A, 3.C)
- Solve mathematical problems and make connections within and outside of mathematics. (3.A, 3.C)

Learning Outcome	Activities	Assessment	Standards
Demonstrate an understanding of teaching mathematics in the elementary classroom	Small group activities Lesson planning	Lesson plan Three act problem Quiz/Tests	Texas Educator Standards: 1bii 1biii, 1ci; 2bi, 2bii, 2biii, and 2ciii; 3ai, 3aii, 3aiii, 3bi, 3bii, 3biii, 3ci, 3cii, and 3ciii INTASC Standards: 1, 2, 4, 5 and 8
Demonstrate an understanding of mathematical processes and reasoning	Class problem solving activities	Homework problems Class problem solving tasks Three act problem assignment	TEKS: Math process standards K-6 INTASC: 4, 5 Texas Educator Standards: 3A, 3C CCRS: Math VII, IX
Solve mathematical problems and make connections within and outside of mathematics	Class problem solving activities	Homework problems Class problem solving tasks Great Mathematician project	TEKS: Math K-6 INTASC: 4, 5 Texas Educator Standards: 3A, 3C CCRS: Mathematics X

Teaching Models and Strategies:

The following instructional models will be utilized in class:

- inquiry
- teacher-directed
- cooperative learning

The following constructivist teaching strategies will be incorporated in class:

- reflective thinking
- technology integration
- critical thinking
- problem solving
- communication

- manipulative-based
- patterns and relationships

Strategies will be presented that address the academic and linguistic needs of children.

Required Text and Materials:

Reys, R.E., Lindquist, M. M., Lambdin, D. V., & Smith, N. L. (2014). *Helping children learn mathematics* (11th Ed.). New York: John Wiley & Sons Inc.. ISBN : 978-1-118-65410-

A student of this institution is not required under law to purchase a textbook from a university-affiliated bookstore. The same textbook may also be available from an independent retailer, including an online retailer.

Course Requirements/Policies:

Attendance, Participation, and Professionalism are prerequisites for success as a classroom teacher and crucial to being successful in this class.

1. Attendance: Attendance at all classes is an expectation of the course and a future professional skill. Each class represents an opportunity to learn. Weekly class discussions and activities cannot be made up if class is missed.
2. Class Participation: The student will be required to read text chapters as assigned, participate in discussions, and work collaboratively and cooperatively with classmates. Class participation is essential.
3. Three Act Problem: Students will create a Three Act problem and video to share with classmates and students.
4. Update lesson plan math content on fractions.
5. Lesson plan: An inquiry lesson plan will be submitted that focuses on using the three act problem.
6. Weekly reflections or math problem work will be submitted. You must be present in class to complete the assigned activities with classmates and instructor.
6. Exams: There are two scheduled exams. All exams must be taken on the assigned dates unless arrangements are made **prior** to the exam. If there is a documented emergency, contact the instructor within 24 hours of the exam.

*All assignments are due on or before the dates provided in the **Course Outline**. Each assignment must be **word-processed**. **No email attachments will be accepted**. A penalty will be assessed for late work. Assignment dates may be moved to later (but not earlier) than the scheduled dates during the course of the semester. Any changes will be discussed with students in class.

Evaluation:

Weekly Problems and Reflections	36 points
Three act problem	20 points
Update lesson plan	10 points
Inquiry Lesson plan	10 points
Exams	<u>100 points</u>
TOTAL	176 points

(Point values may change slightly as the semester progresses. This will be shared with students as it occurs.)

A 90-100% B 80-89% C 70-79% D 60-69% F 59% and below

Last Day to Withdraw is November 1, 2021.

Course Outline

Class	Topic(s)	Assignment Due
August 25	Introduction	
September 1	Problem solving process Assessment	
September 8	Counting and Number Sense	Updated Lesson plan
September 15	Place Value and Decimals	
September 22	Operations and Basic Facts	Act One
September 29	Computation Methods Standard and Alternative Algorithms	
October 6	Fractions	Act Two
October 13		Exam
October 20	Ratio, Proportion and Percent	
October 27	Algebraic Thinking	Act Three
November 3	Geometry	
November 10	Measurement	Inquiry Lesson plan
November 17	Data Analysis, Statistics and Probability	
December 1	Number Theory	
December 8		Final Exam

University Policies

UT Tyler Honor Code

Every member of the UT Tyler community joins together to embrace: Honor and integrity that will not allow me to lie, cheat, or steal, nor to accept the actions of those who do.

COLLEGE OF EDUCATION AND PSYCHOLOGY (CEP) VISION AND MISSION

Vision: The College of Education and Psychology is nationally recognized and respected for its academic programs and opportunities. It is a center of academic excellence, scholarly inquiry, and public service. The College prepares leaders to meet the critical challenges of the 21st Century through productive contributions to local and global communities and toward individual and cultural equity.

Mission: The mission of the College of Education and Psychology is to provide a positive environment that fosters the acquisition of knowledge and skills. The mission is individually and collectively realized through a community of scholars that contributes to knowledge through scholarly inquiry; organizes knowledge for application, understanding and communication; and provides leadership and service. We affirm and promote global perspectives that value individual and cultural diversity to enhance learning, service, and scholarship.

UT TYLER'S SCHOOL OF EDUCATION STANDARDS FOR EDUCATOR PREPARATION PROGRAMS

[Texas Education Standards](#): The School of Education are committed to teaching and implementing the Texas Educator Standards at the highest level. The School of Education faculty use the Texas Education Standards, along with the Interstate New Teacher Assessment and Support Consortium (InTASC) standards used by educator preparation programs throughout the United States.
