

Superintendent Certification Program

Course Rotation Schedule

The following information will guide students in course selection. Courses rotate throughout the year and candidates may begin during any semester. Candidates are limited to two (2) course per semester. All courses are offered each semester except the Practicum in the Superintendency. Please note, the Practicum in the Superintendency is only offered during the Fall and Spring semesters. Candidates may begin the superintendent certification program during any semester in the rotation. The candidate must successfully pass all courses in a before he or she can apply for certification.

Program Sequence Options:

Superintendent candidates should complete the *Practicum in the Superintendency* during the Spring Semester if they have a Fall Semester start date.

If the candidate begins the program during the Spring Semester and would like to finish the program over the summer, candidates will need to take the *Practicum in the Superintendency* during the Spring Semester.

Superintendent candidates who will start during the Spring Semester who choose not to complete the certification program over the summer will take the *Practicum in the Superintendency* during the Fall Semester.
